### Skills

Knows the basics of Data Analysis;

Basics in SQL, Tableau, and Python/R Programming Language; and

Basics of Web Development – HTML5, CSS - Bootstrap, JavaScript –  
jQuery.

---

### Experience

#### **Batangas II Electric Cooperative, Inc. / Section Head**

OCTOBER 2016 - PRESENT, PHILIPPINES

Project: Created a database with Google Forms and Google sheets that can be shared across the cooperative. I was able to provide a solution for the cooperative's concern regarding the proper monitoring of consumers with apprehension cases and the periodic comparative reports.

Project: I created a simple system for Lifeline Rate Discount Application using Google Forms. The simple input system is connected with Google sheets which was then used to create a dashboard for a weekly report to stakeholders.

---

### Certification/s

#### **Google Data Analytics Certificate**

Coursera

#### **Data Analysis with Pandas and Python**

Udemy

#### **15 Days of SQL: The Complete SQL Masterclass 2024**
